Ref: Pre-1977 Disturbed Areas, Bear Canyon Mine, Co-Op Mining
Company, ACT/015/025, Emery County, Utah

My first opportunity to review the concerns on the referenced boundaries occurred today with Sue White of the Division. I will need additional time to coordinate with Co-Op on this issue. Aerial photographs from years between 1976 and 1982 are available from the Department of Agriculture they cannot be obtained without a two month lead time. I feel that we will be able to concur on this issue without these photos within the next few weeks. With Plates 7-1 and 2-4 now digitized we will be able to submit updated plates within one week after the boundaries are agreed upon. Please notify me if there are any additional concerns.

Thank you,
